TECHNICAL SHEET

WINTER KNITWEAR

SIRFLEX MICROFLEECE

MC3133L5

MATERIALS
High-density 100% polyester fabric, 144 filaments.

WEIGHT
320 g/m²

FEATURES
High-density fleece workwear, designed to ensure comfort, durability, and thermal protection during professional activity. The high collar with zip closure offers effective protection against the cold, while elasticated cuffs and hem ensure a snug and comfortable fit, limiting heat loss. Contrasting trim and bands give the garment a modern and dynamic look, ideal for those seeking functionality without sacrificing style. Perfect for work environments where freedom of movement and wear resistance are required.

DETAILS
- Zippered collar, for enhanced protection of the anterior cervical area;
- Elasticated cuffs and waist, for an ergonomic and stable fit;
- Contrast trim and bands.
