

# TECHNICAL SHEET

## WINTER KNITWEAR

# BODYFORM MICROFLEECE

## MC3134Q5

### MATERIALS

100% polyester, high density, 144 filaments.

### GRAMMAGE

160 g/m<sup>2</sup>

### FEATURES

Workwear fleece made from high-density brushed fabric, designed to offer comfort and durability even in the most demanding conditions. Featuring a high collar with a zipper closure, it provides additional protection from the cold on the front of the cervical area and offers practical wearability. The inner collar trim and the contrasting grey zipper add a touch of style and attention to detail, making it ideal for both the work environment and everyday use. The compact fabric ensures excellent thermal insulation, while the brushed structure offers a pleasant feel to the touch.
