<b>Name: BAT hoodie</b>	<b>Code: MC3159Q5</b>	<b>MC31 CLOTHING - WINTER KNITWEAR</b>
-------------------------	-----------------------	--

FABRIC: 54% polyester, 40% cotton, 6% spandex - weight 400 g/m .

- "~~AW~~Zip fastening;
- "~~AW~~hood with drawstring, to offer maximum protection to the neck area even in low temperatures;
- "~~AW~~low pockets with zip closure, for quick and easy access to small items;
- "~~AW~~elasticated knit cuffs and waistband, for a snug fit that contributes to thermal comfort;
- "~~AW~~reflective inserts on the zip;
- "~~AW~~double stitching in areas most subject to stress and wear, for greater strength and durability.

Work sweatshirt made of bonded fabric, with a high percentage of cotton that helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising strength and mechanical resistance.

The front zip closure allows for a practical and adjustable fit, while the drawstring hood effectively protects the neck area even on the coldest days.

Reflective inserts on the zip increase the operator's visibility, improving safety during work activities. The two lower pockets with zip closure make the sweatshirt extremely functional and practical, offering quick and secure access to everyday items. The stretch knit cuffs ensure a snug fit at the wrist, contributing to thermal comfort. The waistband, made of the same material, adapts to the body, reducing the risk of entanglement in machinery or tools and improving practicality of movement, especially in manual or technical work.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
