

# TECHNICAL SHEET

## COOL TOUCH SERIES

### BAT hoodie

#### MC3159Q5

#### MATERIALS

Bonded 54% polyester, 40% cotton, 6% spandex.

#### GRAMMAGE

400 g/m<sup>2</sup>

#### FEATURES

Work sweatshirt made from bonded fabric, with a high percentage of cotton that perfectly balances protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The front zipper closure allows for a practical and adjustable fit, while the drawstring hood effectively protects the neck area even on the coldest days. Reflective inserts on the zipper increase operator visibility, improving safety during work activities. The two lower pockets with zipper closure make the sweatshirt extremely functional and practical, offering quick and secure access to everyday items. Elasticated knit cuffs ensure a snug fit at the wrist, contributing to thermal comfort. The waist, made from the same material, conforms to the body, reducing the risk of getting caught in machinery or tools and improving ease of movement, especially during manual or technical work.

#### DETAILS

- Zip closure;
- 7 cm stand-up collar;
- Drawstring hood, for maximum protection of the neck/cervical area even in low temperatures;
- Two zip-closure hand-warmer pockets, for quick and convenient access to small items;
- Elasticated knit cuffs and waist, for a snug fit that contributes to thermal comfort;
- Double stitching in high-stress and wear areas, for increased resistance and durability.
