

TECHNICAL SHEET

CHEMICAL PROTECTION

TEFLON trousers

MC3311

MATERIALS

65% polyester, 35% cotton.

GRAMMAGE

245 g/m²

FEATURES

Work trousers made of polycotton fabric, designed to ensure protection in environments where exposure to multiple hazards is constant. They offer integrated protection against liquid chemical splashes. The cotton content, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical strength. The 3 pockets make them functional and practical, allowing the operator to always have essential tools and items within easy reach during work. The fit is comfortable, designed to allow unrestricted movement.

DETAILS

- 2 front pockets, for quick access to small everyday items;
- Rear pocket covered by flap and velcro.

CLOSING

Zipper and button with buttonhole.

IMPORTANT

The trousers are certified in combination with the TEFLON jacket MC3314.

AVAILABLE COLOURS

- C0 - Dark grey ○ K1 - White
● Q5 - Dark blue
