Name: CHEMFIRE COVERALL	Code: MC3423N0	MC34 CHEMICAL PROTECTION DISPOSABLE CLOTHING
--------------------------------	-----------------------	---

Description

Coverall in 100% polypropylene, four-layer fire resistance, with antistatic properties. Featuring a concealed zipper closure with flap, elasticated hood, cuffs and ankles. Designed to protect against contact with small splashes of liquid chemical agents, in presence of dust and particles, radioactive contamination in the form of particles, limited flame spread; it also grants the dissipation of electrostatic charges.

The coverall shall be worn over the traditional garments.

- EN 13982 type 5 Protection from dispersed solid particles;
- EN 13034 type 6 Limited protection against liquid chemicals;
- EN 1073 Class 1 Protection against radioactive contamination;
- EN 14116 CE Index 1 Fire resistant properties;
- CE EN 1149 Antistatic properties.

MOQ: 20 pieces per size.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
