

<b>Name: Coverall VIRUS 8700</b>	<b>Code: MC3441K1</b>	<b>MC34 CHEMICAL PROTECTION DISPOSABLE CLOTHING</b>
----------------------------------	-----------------------	---

### Description

Coverall made of high-density polypropylene with mechanical protection properties and tear resistance, coupled with a breathable microporous film, repellent against dusts, mists and splashes, heat-sealed seams with contrasting colour. Its material offers protection against infectious agents. It features a concealed two-way zipper closure with flap, elastic thumb loops and elastic hood, cuffs, waistband and ankles.

- The double taped, heat-sealed seams guarantee total protection and unmatched resistance.
- Made of a soft and resistant material
- High protection, resistant and breathable
- Resistant to splashes, including inorganic liquids and fine dusts
- Antistatic treatment
- Hygienic, because it does not lose fibres
- Latex free

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
