TECHNICAL SHEET

HIGH VISIBILITY CLOTHING

STRAP waistcoat

MC3511E1

MATERIALS
100% perforated polyester.

WEIGHT
125 g/m²

FEATURES
High-visibility vest made from perforated polyester, a material that ensures excellent breathability even during prolonged use in warm environments or under intense working conditions. The micro-perforated structure promotes air circulation, contributing to operator comfort and reducing the sensation of heat. Certified to Class 2 for high visibility, the garment ensures a medium-high level of visibility in both daytime and nighttime light conditions, even in the presence of artificial lighting such as vehicle headlights. The garment features double reflective bands strategically positioned on the chest to ensure optimal visibility. The design is simple and functional, intended to be worn over other clothing without compromising freedom of movement.

CLOSING
Double Velcro

REFLEX
Double sewn reflective bands.

IMPORTANT
