

HIGH VISIBILITY CLOTHING

JEROME waistcoat

MC3516

MATERIALS

100% polyester.

GRAMMAGE

120 g/m²

FEATURES

This high-visibility vest, designed for children aged 4 to 12, offers a simple and effective solution to enhance the visibility of youngsters during outdoor activities, school commutes, school trips, or recreational activities. Its presence in our offering reflects our commitment to promoting an inclusive safety culture that involves not only workers but also their families. The standard is specific for high-visibility clothing intended for non-professional use. The vest features double reflective bands applied to the chest, ensuring effective visibility in both urban and rural environments, even in the presence of headlights or other artificial light sources. The royal contrasting trims give the garment a lively and recognizable appearance. The front velcro closure allows for a practical and secure fit, making it easy for even the youngest children to put on. The design is intended to be worn over jackets or sweatshirts, without restricting movement during outdoor sports activities. Available in sizes suitable for children aged 4 to 12, the vest represents a simple and effective solution to increase the visual safety of youngsters.
