

HIGH VISIBILITY CLOTHING

MISTRAL COLOR short jacket

MC3519

MATERIALS

Mistral 55% cotton and 45% polyester.

GRAMMAGE

245 g/m²

FEATURES

Work jacket made of polycotton, with a high percentage of cotton that ensures natural thermoregulation. The fabric helps maintain the body's thermal balance, reducing the impact of environmental variations thanks to cotton's ability to interact with the internal microclimate. It is the summer version of our certified High-Visibility garments. The fabric surface enhances liquid and dirt repellent properties. Certified Class 2 for high visibility, it ensures a medium-high level of visibility in both daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The upper part of the jacket is made of high-visibility fabric, contrasting with the lower part in dark fabric, a solution that improves visibility, as well as the garment's aesthetics and presentation even after prolonged use. The large chest pockets make the jacket functional and practical, allowing essential tools and objects to always be within reach during work. The reflective bands applied to the hem and sleeves further increase the garment's visibility. The double stitching ensures greater mechanical resistance and durability over time, making the garment reliable even under intensive use conditions. The garment is certified to maintain its safety and high-visibility characteristics for up to 50 wash cycles, ensuring consistent performance over time.

DETAILS

- Two chest pockets with flap and velcro closure, one of which is 3D and features a pen holder, ensuring quick and convenient access to smaller items;
- Double stitching in high-wear areas for increased garment durability;
- High-visibility fabric in the upper part and contrast fabric in the lower part, on sleeve cuffs, collar, and pocket flaps, for an improved aesthetic appearance of the garment even after prolonged use.

CLOSING

Five buttons covered by a flap.

REFLEX

Double reflective bands sewn on jacket hem and sleeves.
