TECHNICAL SHEET

HIGH VISIBILITY CLOTHING

VELVET COLOR short jacket

MC3611ED

MATERIALS
Velvet fustian 60% cotton and 40% polyester.

WEIGHT
350 g/m²

FEATURES
Work jacket made of polycotton, with a high percentage of cotton that ensures natural thermoregulation. The fabric contributes to maintaining the body's thermal balance, reducing the impact of environmental variations thanks to cotton's ability to interact with the internal microclimate. It is the winter version of our certified High-Visibility garments. The fabric offers thermal comfort, tenacity, and robustness, combined with excellent wash durability. The upper part of the jacket is made of high-visibility fabric, contrasting with the lower part in dark fabric, a solution that improves visibility, as well as the garment's aesthetics and presentation even after prolonged use. Certified Class 2 for high visibility, it ensures a medium-high level of visibility in both daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The large chest pockets make the jacket functional and practical, allowing essential tools and objects to always be within reach during work. The double reflective bands applied to the waist and sleeves further increase the garment's visibility. Double stitching ensures greater mechanical resistance and long-term durability, making the garment reliable even under intensive use conditions. The garment is certified to maintain its safety and high-visibility characteristics for up to 50 wash cycles, ensuring consistent performance over time.

DETAILS
- 2 chest pockets fastened with flap and velcro, one of which is three-dimensional and equipped with a pen holder, featuring a detachable badge holder, to ensure quick and convenient access to small and medium-sized items;
- High-visibility fabric on the upper part and contrast fabric on the lower part, on sleeve bottoms, collar, and pocket flaps, for a better aesthetic presentation of the garment even after prolonged use;

- Double stitching in the areas most subject to stress and wear, to ensure greater strength and durability.

CLOSING
Zip covered by a flap and Velcro.

REFLEX
Double reflective bands sewn on sleeves and jacket hem.

REMARKS
Update of 11/11/2025 - 50 wash certification available from lots chronologically subsequent to lot no. 839352510.
