TECHNICAL SHEET

HIGH VISIBILITY CLOTHING

FUNNY sweatshirt

MC3912EE

MATERIALS
Fleece fabric 65% polyester, 35% cotton.

WEIGHT
300 g/m²

FEATURES
This work sweatshirt, made from fleece fabric, is designed to provide warmth and comfort even on the coldest days. Its robust and durable construction makes it perfect for professional use, while the internal material ensures excellent thermal insulation without compromising freedom of movement. Certified Class 2 for high visibility, it ensures a medium-high level of visibility in both daylight and nighttime conditions, even with artificial lighting such as vehicle headlights. The high windproof collar effectively protects the neck area, while the elasticated cuffs and waistband help maintain thermal comfort, providing an ergonomic fit that remains stable even during movement. Reflective bands applied around the chest and sleeves further enhance the garment's visibility. Contrast fabric collar. Its 3 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work.

DETAILS
- High collar with zip, effectively protecting the front of the neck;
- Vertical chest pocket, for small valuables such as a mobile phone or wallet;
- Two zippered side pockets, ensuring quick and convenient access to smaller items without the risk of them falling out;
- Elasticated knit cuffs and waist, for an ergonomic closure that contributes to thermal comfort;
- Collar, shoulder yoke, and sleeves with contrast color inserts, for an improved aesthetic presentation of the garment even after prolonged use.

REFLEX
Segmented and heat-sealed reflective bands.
