

HIGH VISIBILITY CLOTHING

FUNNY sweatshirt

MC3912

MATERIALS

Fleece fabric 65% polyester, 35% cotton.

GRAMMAGE

300 g/m²

FEATURES

This work sweatshirt, made from fleece fabric, is designed to provide warmth and comfort even on the coldest days. Its robust and durable construction makes it perfect for professional use, while the internal material ensures excellent thermal insulation without compromising freedom of movement. Certified Class 2 for high visibility, it ensures a medium-high level of visibility in both daylight and nighttime conditions, even with artificial lighting such as vehicle headlights. The high windproof collar effectively protects the neck area, while the elasticated cuffs and waistband help maintain thermal comfort, providing an ergonomic fit that remains stable even during movement. Reflective bands applied around the chest and sleeves further enhance the garment's visibility. Contrast fabric collar. Its 3 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work.
