TECHNICAL SHEET

HIGH VISIBILITY CLOTHING

RUNNER sweatshirt

MC3913E1

MATERIALS

Fleece fabric 65% polyester, 35% cotton.

WEIGHT

300 g/m²

FEATURES

The work sweatshirt is made from fleece fabric, designed to offer warmth and comfort even on the coldest days. Its robust and durable structure makes it perfect for professional use, while the inner material ensures excellent thermal insulation without compromising freedom of movement. Class 3 high-visibility certified, it ensures the highest level of visibility in both daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The windproof high collar effectively protects the neck area, while the elasticated cuffs and waistband help maintain thermal comfort, ensuring an ergonomic fit that remains stable even during movement. Reflective bands applied around the chest and arms further increase the garment's visibility.

DETAILS

- High collar with zip, effectively protects the anterior cervical area;
- Elasticated knit cuffs and waist, for an ergonomic closure that contributes to thermal comfort;

REFLEX

Double reflective bands on the chest and sleeves.
