TECHNICAL SHEET

HIGH VISIBILITY CLOTHING

DUNE fleece

MC3915E1

MATERIALS
100% polyester fleece

WEIGHT
310 g/m²

FEATURES
Work fleece, designed to offer warmth and comfort even on the coldest days. Its robust and durable structure makes it perfect for professional use, while the material ensures excellent thermal insulation without compromising freedom of movement. Certified Class 3 for high visibility, it guarantees the highest level of visibility both in daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The high windproof collar effectively protects the cervical area, with a contrasting dirt-resistant trim, which helps improve the garment's appearance even after prolonged use, while the elasticated cuffs help maintain thermal comfort, ensuring an ergonomic closure that remains stable even during movement. The reflective bands applied to the chest, arms, and shoulders further increase the garment's visibility.

DETAILS
- High closed collar with zip effectively protects the anterior cervical area;
- Stain-resistant contrast collar trim improves the garment's appearance even after prolonged use;
- Elastic cuffs, for an ergonomic closure that contributes to thermal comfort.

REFLEX
Reflective band on shoulders and chest and double band on the sleeves.
