

HIGH VISIBILITY CLOTHING

IVALO jacket

MC4115

MATERIALS

100% polyester Clipper-Tex supersoft bilaminated fabric, 100% polyester padding

GRAMMAGE

170 g/m², Padding 180 g/m²

FEATURES

High-visibility work jacket, made from supersoft bilaminated Clipper-Tex fabric with padding, designed to ensure maximum safety even in work environments where the weather can change rapidly. Thanks to its waterproof properties, it offers extremely effective protection in adverse weather conditions. Certified Class 3 for high visibility, the garment ensures the highest level of visibility in both daytime and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The reflective bands significantly increase the operator's visibility, improving safety during work activities. The jacket's modular structure allows for various configurations, thanks to the inner jacket with detachable sleeves and numerous multi-function pockets, which enhance its operational practicality. The outer jacket features a front zipper closure covered by a flap secured with snap buttons, which improves protection from wind and weather. The retractable hood with drawstring allows for quick adaptation to climatic variations, to be stored without bulk when not needed. A badge holder is present on the chest, and the garment offers a total of seven pockets between the outer and inner jackets, all secured with flaps, Velcro, or zippers for increased security of personal items. The inner jacket, with detachable sleeves, is connected to the outer part via a zipper and can also be used separately. It offers additional warmth, freedom of movement, and extra storage capacity thanks to its internal and external pockets, making the garment suitable for prolonged use in various climatic conditions. The elasticated cuffs adjustable with Velcro ensure a more precise fit.

DETAILS

Outer Jacket:

- Handwarmer pockets, for high thermal comfort;
- Chest badge holder and a vertical pocket on the opposite side;
- 2 side pockets closed with flap and velcro, allow storing bulkier items without the risk of them falling out;
- Elasticated cuffs adjustable with velcro, for an ergonomic and stable closure;
- Drawstring at the bottom of the outer jacket, for a fit adaptable to different body types.

Inner Jacket:

- Detachable sleeves, offering various usage options;
- 2 side pockets closed with zip;
- Internal pocket with zip.

CLOSING

Zipper closure covered by a flap fastened with snap buttons.
