LOFOTEN jacket

MC4130EE

MATERIALS

Clipper-Tex 100% bilaminated Twill fabric.
100% polyester Taffeta quilted lining.
100% polyester filling, 200 g/m².

WEIGHT

Main fabric 170 g/m². Lining 60 g/m².
Padding 200 g/m².

FEATURES

Work jacket made of bilaminated Clipper-tex fabric, designed to ensure maximum safety for those working in low-visibility environments. Thanks to its waterproof and breathable properties, it offers extremely effective protection in adverse weather conditions. Certified Class 3 for high visibility, the garment ensures the highest level of visibility in both daytime and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The segmented and heat-sealed reflective bands on the arms and chest significantly increase operator visibility, improving safety during work activities. The padding makes it ideal even for the harshest climates. The front closure features a double-slider zipper and snap buttons, designed for practicality and protection from the elements. The detachable, padded, and adjustable hood with an elastic drawstring offers additional protection in case of rain or wind. Its 7 pockets make it extremely functional, allowing the operator to have the necessary tools for daily work close at hand. Adjustable cuffs with a loop and button allow for a personalized fit, while the microfleece-lined collar ensures greater thermal comfort on cold days. The adjustable drawstring at the waist allows the jacket to be adapted to the body, improving insulation and wind protection.

DETAILS

- Detachable, padded hood, adjustable with elastic drawstring, offers versatility of use: it can be removed when not needed and provides additional protection in bad weather;
- Microfleece-lined collar offers a soft and warm feel against the skin, increasing comfort on cold days;
- 2 zippered welt side pockets allow personal items to be kept secure thanks to the protected closure;

- 2 chest pockets with flap and Velcro offer additional space for tools or documents, always easily accessible;
- Additional vertical zippered chest pocket;
- Detachable badge holder;
- 2 multifunctional internal pockets;
- Adjustable cuffs with loop and button improve wrist fit, reducing cold air entry and increasing comfort;
- Adjustable drawstring at the waist allows for fit adjustment, improving thermal insulation and comfort of movement.

CLOSING

Front closure with two-way zip and snap buttons.

REFLEX

Heat-sealed and segmented reflective bands.
