TECHNICAL SHEET

SOFTSHELL

STARFLEX jacket

MC4214HG

MATERIALS
Softshell 100% polyester bonded with microfleece.

WEIGHT
310 g/m²

FEATURES
Softshell work jacket, warm, practical, and with a modern and sporty design, ideal not only for professional activities but also for outdoor use. Made with breathable materials, it offers comfort and protection in every situation, ensuring freedom of movement and resistance to weather conditions. This jacket is the perfect solution for those seeking a versatile, functional, and detail-oriented garment, capable of combining style and practicality in any context. Thanks to the high-performance, double-layer fabric, the jacket guarantees waterproofing while promoting breathability, preventing sweat accumulation and maintaining optimal body temperature, thus creating a comfortable internal microclimate for the wearer. The detachable sleeves with zippers allow the jacket to be transformed into a practical vest, adapting to different climatic and work needs. The side pockets and chest pocket are closed by heat-sealed zippers with a water-resistant reflective strip, ensuring protection and visibility even in low-light conditions. In addition to these, there is an internal pocket, for a total of 4 pockets, which make it functional and practical, allowing essential tools and items to always be within reach during work. The heat-sealed and segmented reflective bands optimally adapt to body movements, offering greater comfort and freedom of action. More resistant and durable than traditional bands, they are strategically positioned on the shoulders, contributing to further increase visibility. The elasticated knit cuffs ensure a comfortable fit and protect from wind and weather conditions, while the contrast color inserts on the shoulders, sleeves, and hem give it a dynamic and modern look.

DETAILS
- Sleeves detachables with a zip, offer various usage options;
- 2 side pockets and a chest pocket with heat-sealed zippers and water-resistant reflective trim, for quick access to small everyday items, keeping them protected from water and moisture;
- Inner pocket with velcro closure, for storing small valuables;
- Elasticated knit cuffs for an ergonomic and stable fit, preventing the ingress of external weather elements;
- Contrast color inserts on shoulders, sleeves, and hem.

CLOSING
Zip.

REFLEX
Segmented heat-sealed reflective bands on the shoulders.
