

WINTER KNITWEAR

CABOTO sweatshirt

MC4223

MATERIALS

Stretchy softshell and polyester

GRAMMAGE

Padding 100 g/m²

FEATURES

Work sweatshirt, made of stretch fabric, designed to ensure comfort, durability, and freedom of movement in every operational context. The abrasion-resistant softshell fabric used on the shoulders, sleeves, cuffs, and hem ensures greater long-term durability and protection in areas most subject to stress. The ergonomic fit helps to follow movements without restrictions. This sweatshirt represents a versatile and technical solution, ideal for those seeking functionality and style in a work garment. The hood with elasticated profiles and Air-Mesh interior improves breathability and thermal comfort, making the garment suitable even in variable conditions. The 2 pockets make it functional and practical, allowing you to always have essential tools and items at hand during work.

DETAILS

- Hood with elasticated trim and Air-Mesh interior, for increased breathability and thermal comfort;
- 2 lower zippered pockets, for storing small everyday items without the risk of them falling out;
- Shoulder panel, cuffs, sleeves, and hem in wear-resistant stretch Softshell, for greater durability against wear and tear over time.

CLOSING

Exposed zip
