TECHNICAL SHEET

RAINWEAR

CAYENNE raincoat

MC4326T0

MATERIALS
100% PVC coated Polyester

WEIGHT
185 g/m²

FEATURES
Work coat made of PVC-coated polyester, a material that guarantees protection and durability. Waterproof, windproof, tear and abrasion resistant, it is also easy to clean. This coat offers a practical and reliable solution for those who work outdoors in adverse weather conditions. Thanks to its waterproof and breathable properties, it offers extremely effective protection in adverse weather conditions. The coat features a retractable hood with a drawstring, easily stowable thanks to its zipper closure. The cuffs are elasticated and integrate an adjustable windproof system with a button, ensuring a perfect fit and protection from the elements. On the front, there are practical water-resistant pockets, ideal for storing small items without risk of infiltration, while a drawstring at the hem allows for adjusting the fit. Heat-sealed seams guarantee total waterproofing, preventing any water penetration.

DETAILS
- Below-knee length;
- Foldaway hood with drawstring, deployable as needed for weather protection;
- Windproof elasticated cuffs, for an ergonomic and stable fit that prevents the entrance of external weather elements;
- Water-resistant side pockets with flap, for quick access to small everyday items, protected from rain and humidity;
- Waterproof heat-sealed seams, for additional protection from rain and adverse weather conditions.

CLOSING
Snap fasteners and internal flap.
