TECHNICAL SHEET

THERMAL VEST

KAISER bodywarmer

MC4411T0

MATERIALS

C-Tex 100% polyester, milky PU coated, breathable, fleece-lined inside.

WEIGHT

125 gr/m², padding 200 gr/m²

FEATURES

Cold-resistant work vest, designed to ensure comfort and protection without restricting freedom of movement, making it ideal for activities requiring constant dynamism. Made with breathable materials, it keeps the body at the right temperature even in demanding work conditions, offering practicality and functionality thanks to its numerous technical and multi-function pockets. The padding maintains the ideal temperature while keeping the garment always breathable. This vest combines durability, comfort, and functional design, making it the ideal choice for those seeking a versatile, practical garment suitable for the most dynamic work conditions. The elasticated knit collar ensures a comfortable fit and protects from the cold, while the pocket arrangement is designed to meet professional needs: its 5 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. One pocket is located on the chest, with the other 4 distributed between the chest and the lower part of the vest. The double-slider zipper closure facilitates opening, making it versatile and customizable.

DETAILS

- Stretch knit collar, for high comfort and optimal protection of the front cervical area;
- Left pocket with retractable PVC badge holder, closed by flap and velcro;
- Right pocket closed with zipper and D-ring, useful for hanging work tools;
- Left pocket closed by contrast-colored flap and velcro, for quick access to small everyday items;
- Two lower 3D pockets, closed by zipper, for storing bulkier items.

CLOSING

Double slider zip
