TECHNICAL SHEET

THERMAL VEST

KENDO bodywarmer

MC4415Z9

MATERIALS
100% Nylon PU coated

WEIGHT
Filling 240 g/m²

FEATURES
Quilted, thermal work vest, ideal for tackling low temperatures without sacrificing freedom of movement. The quilted structure ensures excellent thermal protection, while the ergonomic design guarantees comfort during work activities. A garment that offers warmth and practicality, enhanced by the elegance of the quilting. The padding maintains the ideal temperature while keeping the garment breathable. The vest features hand-warmer pockets with knitted trim, perfect for keeping hands warm, and vertical zippered chest pockets for securely storing small items. Inside, it offers two pockets, one with a Velcro closure and the other with a zipper, plus a mesh cell phone pocket with Velcro closure, designed to keep your phone always within reach. The 6 pockets make it extremely functional and practical, allowing you to always have essential tools and items available during work. The adjustable drawstring waist allows for fit adjustment, improving comfort and protection against the cold.

DETAILS
- 2 handwarmer pockets with mesh lining, for quick access to small everyday items;
- 2 vertical zippered chest pockets;
- 2 internal pockets, one with Velcro closure and the other zippered, for storing small valuables without the risk of them falling out;
