TECHNICAL SHEET

THERMAL VEST

GUINEA bodywarmer

MC4424B6

MATERIALS

Softshell 100% polyester bonded with 144-filament microfleece.

WEIGHT

300 g/m²

FEATURES

A functional and versatile garment, ideal for most of the year thanks to its ability to offer warmth without compromising freedom of movement. Its modern design makes it particularly suitable for jobs requiring constant movement, ensuring comfort and practicality in every situation. The fabric, coupled with 144-filament microfleece, offers high thermal comfort and protection from the cold, thanks to its internal structure that retains heat without making the garment bulky. The 144-filament technology ensures greater compactness and resistance, making the fabric durable and ideal for demanding work environments. Furthermore, the combination of materials maintains good breathability, preventing moisture accumulation and promoting the wearer's well-being. The padding maintains the ideal temperature while keeping the garment breathable. The vest features side pockets with contrasting zippers, perfect for securely storing items, and a chest pocket with a zipper, also in a contrasting color, which adds a dynamic touch to the design. Practical internal pockets are present for increased functionality. Its 5 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. The contrasting trim on the collar, sides, and shoulders provides a modern and professional look, while the drawstring at the bottom allows for adjustable fit, improving comfort and protection against the cold.

DETAILS

- 2 side pockets with contrasting zipper closure, for quick access to small everyday items;
- Chest pocket with contrasting zipper closure, to safely store small valuables without the risk of them falling out;
- 2 internal pockets;
- Contrasting trim on collar, sides, and shoulder yoke;
- Drawstring at the hem, for an ergonomic fit suitable for various body types.

CLOSING

Anti-snag zip.

REFLEX

Reflective piping on the back of the shoulders.
