TECHNICAL SHEET

MULTI-FUNCTIONAL THERMAL GARMENTS

NASSAU jacket

MC4715Z9

MATERIALS

Twill polyester 330 D PU coated

WEIGHT

Padding 220 g/m² on the body and 180 g/m² on sleeves.

FEATURES

This work jacket is waterproof, warm, and breathable, designed to offer thermal insulation and protection in environments with temperatures down to -5°C. Thanks to the soft quilted inner lining and ergonomic details, it ensures comfort even during long hours of use. The PU coating creates a waterproof barrier. It offers good protection against dirt, oils, and light chemicals, maintaining its properties even after repeated washing and prolonged use. Its versatility is ensured by the detachable sleeves and hood, which allow the garment to be adapted to different climatic conditions, while the numerous multi-function pockets make it extremely practical. The 9 pockets, two of which are internal, make it functional and practical, allowing essential tools and items to always be within reach during work. The design includes a fleece inner collar and cuffs for an increased feeling of warmth. The adjustable elastic cuffs with Velcro ensure a perfect seal against wind and rain. This jacket is the ideal solution for those seeking protection, comfort, and functionality in a durable garment suitable for the most demanding conditions.

DETAILS

- Internal fleece collar and cuffs, for high and constant thermal comfort;
- Lined hood, removable via zipper and button, adjustable with drawstring, usable as needed to provide protection from weather elements;
- 4 three-dimensional pockets closed by flap and Velcro, the left one being multi-functional with full opening: badge holder, pen holder, phone holder, and numerous compartments. All the space you need for everyday items, from the smallest to the bulkiest;
- Under the central flap, an additional vertical pocket closed by zipper, for storing small valuables without the risk of them falling out;
- 2 side hand-warmer pockets, for a pleasant additional feeling of warmth;

- 2 internal pockets;
- Elasticated cuffs adjustable with Velcro, for an ergonomic and stable fit, preventing the entry of external weather elements.

CLOSING

Zip covered by a flap fastened with snap buttons.
