

RAINWEAR

AIRPORT blouson

MC4725

FEATURES

Work blouson made of versatile fabric, designed to ensure maximum safety for those working in hazardous environments. Thanks to its waterproof and breathable properties, it offers extremely effective protection in adverse weather conditions. It also ensures high resistance to heat loss, contributing to cold protection down to temperatures of -5°. The padding ensures excellent thermal insulation, together with the front zipper closure, covered by a placket fastened with buttons, which provides an effective barrier against wind and rain. The retractable hood adds practicality, the 4 pockets, including two hand warmers, make it functional and practical, allowing essential tools and objects to always be within reach during work. Elasticated cuffs and waist improve the fit, and the reflective piping above the large pockets increases visibility in low light conditions.

DETAILS

- Foldaway hood, offers maximum practicality, used only when needed, without bulk;
- PU-coated Taslon polyester fabric, ensures wear resistance and protection from the elements;
- Handwarmer pockets, keep hands warm, maintaining thermal comfort;
- Zippered chest pocket, for storing valuables without the risk of them falling out;
- Internal wallet pocket with Velcro closure, protects documents and valuables with a reliable fastening;
- Elasticated cuffs and waist, offer an ergonomic fit and, thanks to the snug fit around the wrists and body, prevent cold air from entering.
