TECHNICAL SHEET

MULTI-FUNCTIONAL THERMAL GARMENTS

PATRIOT blouson

MC4729B6

MATERIALS
60% cotton and 40% polyester.

WEIGHT
240 g/m², padding 200 g/m².

FEATURES
A work blouson designed to offer high thermal properties, ensuring warmth and comfort even on the coldest days. With zip-off detachables sleeves, the garment becomes multifunctional, adapting to different seasons and the needs of outdoor workers. Made with durable materials and an ergonomic fit, it ensures freedom of movement without sacrificing protection. The design features careful attention to detail: a fleece inner collar for enhanced thermal comfort, and 5 pockets that make it functional and practical, allowing essential tools and items to always be within reach during work. The elasticated knit waist and cuffs ensure a perfect fit and wind protection. In summary, a warm, practical, and versatile garment, ideal for those seeking functionality and comfort without sacrificing a professional look.

DETAILS
- Internal fleece collar, for high and constant thermal comfort;
- Detachable sleeves with zipper, allow the jacket to be transformed into a vest when temperatures rise, ensuring comfort in every season;
- 2 lower pockets with button closure, for quick access to small everyday items;
- 2 bellows chest pockets with flap and button closure: the right one with an additional zippered pocket and a retractable badge holder, the left one with a pen holder. All the space you need for everyday items, from the smallest to the bulkiest;
- Internal pocket with velcro closure, to store small valuables, without the risk of them falling out;
- Elasticated knit waist and cuffs, prevent the entry of external atmospheric agents and contribute to maintaining thermal comfort, in addition to offering an ergonomic and comfortable fit.

CLOSING
Zip.

REFLEX
Reflective piping on the chest.
