TECHNICAL SHEET

ACCESSORIES

Sport bag

MC4914L0

MATERIALS
Polyester

DIMENSIONS
33x51x44 cm

DETAILS
- Rigid bottom compartment for shoes, ensuring hygienic separation from clothing and effective protection against impacts and deformations;
- Flexible top compartment for garments, offering increased load capacity and adaptability, making the bag practical for any requirement.

FEATURES
Professional bag designed with a double-compartment structure, ideal for hygienically and functionally separating footwear and clothing. The rigid lower compartment is designed to hold and protect shoes, preventing deformation and contact with other items, while the flexible upper compartment is dedicated to carrying clothing, offering greater capacity and adaptability. A practical and durable solution, perfect for use in professional settings, sports, and daily commutes.
