

SOCKS

ZOAGLI socks

MC4978Z9

MATERIALS

60% polyester, 30% polyamide, 10% elastane.

FEATURES

A short sock made with a combination of fibers that ensures comfort, durability, and adaptability. Polyester ensures strength and quick drying, making the sock ideal for everyday use and for those seeking practicality. Polyamide contributes to long-term durability and shape stability, preventing wear and deformation. Finally, elastane offers elasticity and adaptability, allowing the sock to fit the foot perfectly without constriction. Thanks to the combination of these fibers, the sock is lightweight, breathable, and comfortable, ideal for those who desire quality and functionality in every situation.
