

CUT-RESISTANT CLOTHING

Chainsaw prot jacket class 1-180°

MC5014

MATERIALS

65% polyester and 35% cotton. Sleeve and shoulder panel padding in PET for cut protection.

GRAMMAGE

240 g/m², Padding 155 g/m²

FEATURES

Work jacket made from robust cut-resistant fabric, designed to reduce risks associated with the use of portable chainsaws, specifically protecting the operator's arms. Made with durable materials, it ensures comfort and freedom of movement during forestry and maintenance operations. The presence of a percentage of cotton, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The garment is certified for upper front body protection against the action of portable chainsaws and offers ergonomic coverage for the chest, shoulders, and arms. The design includes a collar with an additional Velcro closure, which ensures extra protection and a secure fit, and elasticated cuffs to prevent debris entry and improve fit. The 4 pockets make it functional and practical, allowing essential tools and items to always be within reach during work. This jacket is ideal for professional operators who require certified protection, comfort, and functionality in high-risk environments.

DETAILS

- Collar with additional velcro closure, ensures extra protection against wind, dust, and splashes, enhancing safety and comfort;
- Elasticated cuffs, prevent the entry of dirt, liquids, or hazardous substances, keeping the sleeves snug and reducing the risk of snagging;
- 2 chest pockets with flap and velcro closure, for quick access to small everyday items;
- 2 lower pockets with flap and velcro closure, for storing bulkier items.

CLOSING

Zip covered by a Velcro-fastened flap.

IMPORTANT

The jacket is certified in combination with CHAINSAW protective trousers Class 1-180° - MC5011.
