TECHNICAL SHEET

DISPOSABLE CLOTHING

Non-slip dotted shoe covers (100pcs)

MC5121K1

MATERIALS
Polypropylene

PACK
100 pieces

DETAILS
- Reinforced sole with PVC dotting for anti-slip and anti-abrasion function, ensuring greater safety while walking by reducing the risk of slipping on smooth or wet surfaces, and increasing the shoe cover's lifespan due to wear resistance.
- Dimensions 18x41 cm, ensuring complete shoe coverage.

FEATURES
These disposable shoe covers are made from durable polypropylene, a lightweight and waterproof material that provides protection against dust, dirt, and liquids. The distinctive feature is the reinforced sole with PVC dotting, designed to provide an anti-slip function that increases grip on the ground and reduces the risk of slipping on smooth or wet surfaces. Furthermore, the reinforcement provides abrasion resistance, making the shoe cover more durable than standard models. They are easy to put on, suitable for various types of footwear.
