TECHNICAL SHEET

APRONS

TREVIRA apron

MC5212S0

MATERIALS
Polyester/PVC

THICKNESS
0.5 mm

DETAILS
- With dimensions of 75x120 cm, it effectively protects a large area of the body on the front;
- Suitable for all applications requiring high mechanical strength.

FEATURES
This apron is made from PVC-coated polyester fabric, a combination that ensures total waterproofness and high mechanical strength, ideal for the most demanding tasks. The material is designed to resist tears, abrasions, and liquid substances, offering reliable protection in various work environments. Easy to clean and durable, it ensures comfort and safety even under intense working conditions.
