

CUT-RESISTANT CLOTHING

FLEXINOX apron

MC5214

MATERIALS

100% stainless steel plates.

FEATURES

Robust and reliable, this apron is made entirely of stainless steel plates, ensuring excellent protection against knife blows and sharp tools. Its dimensions offer full torso coverage without compromising freedom of movement, thanks to its low weight. The stainless steel material is corrosion-resistant and easy to clean, ensuring hygiene and long-term durability. The reversible design allows it to be used on both sides, while the adjustable harness ensures a secure and comfortable fit. Perfect for butcheries, food industries, and environments where maximum protection is required.

MAINTENANCE

Please follow the recommended washing instructions.

CATEGORY

II -> This product is currently planned and produced to comply with Regulation (EU) 2016/425 and subsequent modifications.

DETAILS

- Apron, 1,670 g, dimensions 55x70 cm. Offers complete and robust coverage without compromising mobility, ensuring protection over a large body surface area.
- Knife-resistant, ensuring maximum safety during operations and reducing the risk of serious injuries.
- Reversible, increasing the product's practicality and durability, allowing for prolonged use.
- Adjustable harness, ensuring a comfortable and secure fit for every operator, adapting to different body types.
