

APRONS

LIMA costa apron

MC5217

MATERIALS

Polypropylene with polyethylene film.

GRAMMAGE

55 g/m²

DETAILS

- Waterproof and breathable, it provides liquid protection without compromising comfort, allowing breathability and reducing heat build-up during prolonged use;
- Measuring 85x100 cm, it effectively protects a large area of the body on the front.

FEATURES

This apron is made of polypropylene with a polyethylene film, designed to ensure maximum protection and comfort during work activities. Thanks to the combination of the two materials, it offers a waterproof surface that effectively protects against liquids and splashes, while maintaining good breathability to promote comfort even during prolonged use. Its dimensions ensure optimal body coverage on the front, making it lightweight and practical to wear. The ergonomic design with adjustable back ties ensures a secure and personalized fit, while its dimensions provide complete body coverage on the front.
