

LOW TEMPERATURE GARMENTS

FREEZER bib-trousers

MC5343

MATERIALS

100% Nylon Oxford 420 D coated and Thinsulate 3M padding.

GRAMMAGE

350 g/m²

FEATURES

Work bib-trousers designed to offer maximum thermal protection, ideal for tackling extreme temperatures. When combined with the jacket, the bib-trousers are certified to provide protection down to -60°C, ensuring comfort and safety even in the harshest conditions. Practical and warm, they do not restrict the user's freedom of movement, thanks to an ergonomic design that promotes mobility. The thermal insulation keeps the body warm and dry, retaining body heat while allowing moisture to escape, for prolonged comfort. The garment features contrasting grey three-dimensional patch side pockets, velcro-fastened kneepad pockets, and a lumbar protection that increases protection in the high back area. The leg bottom is adjustable via a zipper, covered by a flap and secured with velcro, for a secure and personalized fit. Every detail is designed to ensure functionality, durability, and comfort in extreme conditions.

DETAILS

- 2 contrasting grey 3D patch side pockets, for storing bulkier items;
- Knee pad pockets, Velcro-fastened, compatible with KGUARD - MC4913 knee pads;
- Lumbar protection, for additional protection;
- Adjustable leg bottom with a zip covered by a flap and secured with Velcro, for an ergonomic and adjustable fit, to prevent the entrance of external weather elements.

CLOSING

Zip. Elasticated adjustable straps with quick-release attachment.

REFLEX

Piping inserts. Grey and yellow inserts.

REMARKS

Given the current mixed stock, it is

possible that this item will be delivered with the restyled version (as shown in photo) and former version.

IMPORTANT

The bib-trousers are certified in combination with the FREEZER jacket MC5344.
