

LOW TEMPERATURE GARMENTS

FREEZER jacket

MC5344

MATERIALS

100% Nylon Oxford 420 D coated and Thinsulate 3M padding.

GRAMMAGE

350 g/m²

FEATURES

Work jacket designed to offer maximum thermal protection, ideal for tackling extreme temperatures. When combined with the bib-trousers, the jacket is certified to provide protection down to -60°C, ensuring comfort and safety even in the most challenging conditions. Practical and warm, it does not restrict the user's freedom of movement, thanks to an ergonomic design that promotes mobility. The thermal insulation keeps the body warm and dry, retaining body heat while allowing moisture to escape, for prolonged comfort. The collar closure features double Velcro and a concealed flap, while the inside of the collar is lined with soft microfleece to provide warmth and a pleasant feel against the skin. Its 6 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. The cuffs are made of elasticated knit for a comfortable and snug fit. The jacket also features a detachable, padded, and drawstring-adjustable hood, and a drawstring at the hem to adapt the garment to the user's needs. Every detail is designed to combine functionality and comfort in a practical and durable design.

DETAILS

- Neck closure with double velcro and concealed flap, for additional and effective protection of the front neck area;
- Microfleece collar interior, for a pleasant feeling of warmth and softness on the neck area;
- Pocket fastened with Velcro on the left sleeve;
- 2 chest pockets closed with Velcro in a contrasting color, the right one featuring a pen holder;
- 2 lower pockets with flap and Velcro closure, for quick access to small everyday items;
- Internal pocket closed by Velcro, for storing small valuables without the risk of them falling out;

- Elasticated knit cuffs, providing a snug fit at the wrists and contributing to thermal comfort;
- Detachable padded hood with drawstring, usable as required to provide additional protection from weather elements;
- Drawstring at the hem, for an ergonomic fit adaptable to various body types.

CLOSING

Two-way zip covered by a flap and buttons.

REFLEX

Reflective piping on chest front, sleeves, hood, and lower pocket flap profiles. Grey and yellow inserts.

IMPORTANT

The jacket is certified in combination with the FREEZER bib-trousers - MC5344.
