

FLAME RETARDANT SERIES

FLAME RETARDANT hood

MC5410

MATERIALS

100% cotton with flame retardant treatment.

GRAMMAGE

315 g/m²

FEATURES

Work hood made from versatile fabric with a flame-retardant treatment, designed to ensure maximum safety for those working in high-risk environments where exposure to multiple hazards is constant. It offers integrated protection from flames, convective, radiant, and contact heat, as well as from small splashes of molten metal. The 100% cotton fabric with flame-retardant treatment helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The aluminized Kevlar® inserts offer optimal protection for the ear area, helping to ensure high safety standards for the operator.

DETAILS

- Flame-retardant fabric lining, improves thermal insulation and limits flame propagation;
- Aluminized Kevlar® inserts for localized protection of the ear area, offering additional protection against heat and flames;
- Velcro-adjustable front opening, ensures a secure closure, hindering the entry of dust, debris, heat, and flames;
- Rear elastic, contributes to greater protective effectiveness by ensuring an ergonomic and stable fit.

AVAILABLE COLOURS

R8 - Emerald green

SIZES
