Name: CARBOFLAME undershirt	Code: MC5610Q4	MC56 CLOTHING - CARBOFLAME SERIES
------------------------------------	-----------------------	--

Undershirt 63% FR Modal, 34% aramid, 2% spandex and 1% antistatic fibre, 200 g/m . Made of technical stretch fabric with flame retardant and antistatic protection, also protecting from the heat developed by the arc flash, with turtleneck and chain stitching in red colour.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425.

This undershirt can be worn under arc flash protective clothing, as it responds in A.2 of IEC 61482-2, requiring that arc flash protective clothing arc can not be used with underclothing that can melt with the arc, for example polyamide, polyester and acrylic fibres.
