Name: POLYTECH BIB-TROUSERS	Code: MC571302	MC57 CLOTHING - POLYTECH SERIES
------------------------------------	-----------------------	--

Description

Bib-trousers made of a technical fabric composed by 75% cotton, 24% polyester, 1% antistatic fibre fabric, weight 280 g/m . With central metal zipper closure, two front pockets with flaps and Velcro, back elastic waistband, rear pocket with flap and Velcro, elastic shoulder straps with quick-fastening buckles.

THE BIB-TROUSERS SHALL BE WORN IN COMBINATION WITH THE JACKET

- The Polytech series is made with a multi-purpose fabric that combines antistatic properties with resistance to flames, heat and chemical products.
- Thanks to its features it is multi-purpose, practical and resistant, breathable and comfortable.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425.

In combination with the coverall, is it possible to wear our under garments: Carboflame undershirt art. MC5610 and Carboflame underpants art. MC5620.

certified

Category III	Colours TWO-TONE	Available Sizes 38 - 70
Quantity/Carton 1	EC Standards	Important Information Petrochemical Industry, Metalworking Industry, Refining Industry, Chemical Industry, Industrial Maintenance and Assemblies, Gas, Water and Electricity Mains Maintenance and Management, Oil & Gas industry. Keep in a cool dry place, far from heat sources and direct light. Make sure the garment is in good condition, undamaged and clean before use. Once you become aware of a damage, you should immediately replace it. We recommend to follow the washing instructions. Wash separately from other types of garments to avoid the transfer of inflammable fibres.
