

POLYTECH SERIES

POLYTECH coverall

MC5717

MATERIALS

75% cotton, 24% polyester and 1% antistatic fiber.

GRAMMAGE

280 g/m²

FEATURES

Work coverall made from multi-purpose fabric with flame-retardant treatment, designed to ensure maximum safety for those working in high-risk environments where exposure to multiple hazards is constant. It offers integrated protection from flames, convective, radiant, and contact heat, as well as from small splashes of molten metal. The garment also guarantees protection against limited splashes of liquid chemicals. Antistatic properties and effectiveness in containing the energy released by an electric arc up to 4 kA complete the coverall's safety profile. The high percentage of cotton, combined with technical fibers, contributes to perfectly balancing protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. The 4 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. The elastic waistband contributes to an ergonomic and functional fit, making the garment suitable for a wide range of operational contexts. The reflective inserts applied to the chest improve operator visibility in low-light conditions, increasing safety in the workplace. The elasticated cuffs ensure a snug fit at the wrist, preventing the entry of dust, debris, splashes, and chemical agents into the sleeve.

DETAILS

- 2 chest pockets closed by flap and velcro to ensure quick and convenient access to smaller items;
- 2 front pockets closed by flap and velcro allow storing bulkier items without the risk of them falling out;
- Elasticated cuffs prevent the entry of dust, debris, splashes, or chemical agents into the sleeve;
- Elasticated waistband allows maximum freedom of movement without restrictions;

- Double stitching in areas most subject to stress and wear, to ensure greater resistance and durability.

CLOSING

Central two-way zip, covered by a flap with snap buttons.

REFLEX

Reflective inserts on the chest.

AVAILABLE COLOURS

- Q5 - Dark blue

SIZES

	In stock
	On production
	Made to order
	Tailor made

FIELDS OF USE

- > Construction - road works
- > Chemical-pharmaceutical industry
- > Petrochemical industry
- > Logistics
- > Tertiary - trades

MAINTENANCE

Please follow the recommended washing instructions.

QUANTITY PER CARTON

15
