

POLYTECH SERIES

POLYTECH shirt

MC5729

MATERIALS

99% cotton and 1% antistatic fiber.

GRAMMAGE

180 g/m²

FEATURES

Work shirt made from multi-purpose fabric with flame-retardant treatment, designed to ensure maximum safety for those working in high-risk environments where exposure to multiple hazards is constant. It offers integrated protection from flames and radiant heat. Protection against limited splashes of liquid chemicals is also guaranteed. The garment is made with materials that provide antistatic properties. The two chest pockets make this garment functional and practical, allowing essential tools and items to always be within reach during work. The cuffs, closed with a button and velcro, ensure a snug fit around the wrist, preventing the entry of dust, debris, splashes, and chemical agents into the sleeve.

DETAILS

- 2 chest pockets closed with flap and covered snap buttons, to ensure quick and convenient access to smaller items;
- Cuffs closed with snap button and velcro prevent the entry of dust, debris, splashes or chemical agents inside the sleeve.

CLOSING

Covered snap buttons.
