

SUPERTECH SERIES

SUPERTECH overall

MC5917

MATERIALS

75% cotton, 24% polyester, 1% antistatic fiber.

GRAMMAGE

280 g/m²

FEATURES

Work overall made from multi-purpose fabric with flame-retardant treatment, designed to ensure maximum safety for those working in high-risk environments where exposure to multiple hazards is constant. It offers integrated protection from flames, convective, radiant, and contact heat, as well as from small splashes of molten metal. The garment also provides protection against limited splashes of liquid chemicals. Antistatic properties and effectiveness in containing the energy released by an electric arc up to 4 kA complete the overall's safety profile. Certified Class 3 for high visibility, the garment ensures the highest level of visibility in daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. The high percentage of cotton, combined with technical fibers, helps to perfectly balance protection and comfort, making the garment soft and breathable without compromising robustness and mechanical resistance. Its 4 pockets make it extremely functional and practical, allowing essential tools and items to always be within reach during work. The elastic waistband contributes to an ergonomic and functional fit, making the garment suitable for a wide range of operational contexts. The reflective bands sewn on the chest, sleeves, and legs, and the reflective inserts applied to the chest, improve operator visibility in low-light conditions, increasing workplace safety.

DETAILS

- Mandarin collar with velcro closure, effectively protects the neck area from potentially harmful external agents;
- 2 chest pockets with flap and velcro closure to ensure quick and convenient access to smaller items;
- 2 lower pockets with flap and velcro closure;
- Elasticated waist, allowing maximum freedom of movement without restrictions;

- Double stitching in areas most subject to stress and wear, for increased strength and durability.

CLOSING

Central two-way zip, covered by a flap with snap buttons.

REFLEX

Double reflective bands on chest, sleeves, and legs. Reflective inserts on the chest.

AVAILABLE COLOURS

 ED - Hi-vis yellow/blue

SIZES
