<b>Name: SUPERTECH class 1 trousers</b>	<b>Code: MC5971QN</b>	<b>MC59 CLOTHING - SUPERTECH SERIES</b>
---	-----------------------	---

**Description**

Trousers made of a technical fabric composed by 75% cotton, 24% polyester, 1% antistatic fibre, weight 280 g/m . It features a fly with zip and button, two front pockets with flap and Velcro, rear pocket with flap and Velcro, two three-dimensional functional pockets with flaps and Velcro.

It features a contrasting fabric on the bottom of the leg and two reflective bands.

- The Supertech series is made with a multi-purpose fabric that combines antistatic properties with resistance to flames, heat and chemical products.
- Thanks to its features it is multi-purpose, practical and resistant, breathable and comfortable.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425.

EN ISO 20471

Dexterity

Read the instructions carefully before use.  
Store in a cool, dry place, away from heat sources and away from light.  
Before each use, carry out a visual check to ensure that the device is in perfect condition, undamaged and clean, and replace it if it is not intact.  
Garments offer protection only for the part of the body actually covered and must therefore be integrated, depending on the intended use, with suitable PPE to protect exposed parts of the body (head, hands, feet). Where necessary, use appropriate respiratory and eye protection.  
The safety features indicated are only respected if the device is regularly worn and fastened and in perfect condition.

Follow the recommended washing instructions.

Storage and cleaning
