TECHNICAL SHEET

MULTI-PROTECTION KNITWEAR

GINKO polo shirt

MC6224Q7

MATERIALS
99% polyester, 1% antistatic fiber.

WEIGHT
180 g/m²

FEATURES
Work polo shirt made from versatile fabric, with flame-retardant treatment, designed to ensure maximum safety for those working in high-risk environments where exposure to multiple hazards is constant. The garment is made with materials that provide antistatic properties. The garment offers enhanced visibility in medium-risk environments, contributing to operator safety in variable light conditions. Reflective bands sewn on the sleeves and chest increase operator visibility, improving safety during work activities. Elasticated cuffs ensure a snug fit at the wrist, preventing the entry of dust, debris, and external agents into the sleeve.

DETAILS
- Stretch knit collar and cuffs for an ergonomic and comfortable fit, the cuffs prevent the entrance of external agents into the sleeve.

REFLEX
Single reflective band on chest and sleeves.

AVAILABLE COLOURS
Q7 - NAVY
