Name: FIREFIGHTER jacket	Code: MC6321Q0	MC63 FIREFIGHTING CLOTHING
---------------------------------	-----------------------	-----------------------------------

Description

Jacket in 4-layer aramid fabric. Equipped with a concealed anti-panic safety zipper closure with Velcro, high collar with Velcro fastening, inner pocket with Velcro fastening, inner pocket fastened with Velcro, side pocket with tool holder carabiner, side pockets covered with flap and Velcro, chest radio pocket with flap and Velcro, width adjustable sleeves, inner knit cuffs with sleeve-stopstrings and reflective inserts on the chest, on the sleeves and on the bottom of the jacket.

Multiple features: the outer layer in antistatic Nomex Delta 195 g/m , composed by 75% Nomex, 23% Kevlar and 2% antistatic carbon fibre has flame resistance and high mechanical and abrasion resistance; the inner layer in Sympatex microporous membrane is waterproof and breathable. The inner padding in aramid wool 275 g/m provides insulation from external convective heat; the inner layer in quilted lining composed by 50% aramid and 50% viscose ensures excellent breathability properties.

THE JACKET SHALL BE WORN IN COMBINATION WITH THE FIREFIGHTER OVERTROUSERS OR BIB-TROUSERS

Performance requirements in compliance with EN 469 are referring to the combination of article MC6322.

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments.
