

ESD GARMENTS

ESD polo shirt

MC6723

MATERIALS

Piqué 53% cotton, 45% polyester, 2% conductive fiber.

GRAMMAGE

180 g/m²

FEATURES

Polo shirt made from versatile ESD fabric, designed to ensure maximum safety for those working in controlled environments, reducing the risk of electrostatic discharge. Its ergonomic design and breathable materials ensure comfort and freedom of movement. The garment is made with materials that provide antistatic properties, thanks to conductive fibers. It is designed to dissipate electrostatic charges and prevent damage to sensitive electronic components. The lightness of the fabric and the high percentage of cotton, combined with technical fibers, perfectly balance protection and comfort, making the garment soft and breathable without compromising its functionality. Beyond worker safety, the garment also contributes to safeguarding electronic devices, which could be damaged by electrostatic charges. The ribbed collar with a three-button flap offers enhanced operational safety and a clean finish. Double stitching reinforces the armhole area, which is subject to frequent movement and stress. It also helps maintain its shape, preventing it from deforming or stretching with use.

	Tailor made

FIELDS OF USE

- > Agriculture - gardening - forestry
- > Food - cleaning - hospital
- > Construction - road works
- > Chemical-pharmaceutical industry
- > Light industry
- > Heavy industry
- > Petrochemical industry
- > Works at a height
- > Logistics
- > Tertiary - trades

QUANTITY PER CARTON

25

CATEGORY

II -> This product is currently planned and produced to comply with Regulation (EU) 2016/425 and subsequent modifications.

DETAILS

- Rib-knit collar for enhanced comfort, durability, and stability, maintaining a neat appearance even after prolonged wear;
- Three-button closure in matching color, covered by flap;
- Double-stitched armholes for increased strength and durability.
- Conductive fibers in the fabric dissipate electrostatic charges, preventing their accumulation on the garment.

MAINTENANCE

Please follow the recommended washing instructions.

AVAILABLE COLOURS

- K1 - White ● Q7 - Navy
