TECHNICAL SHEET

BUMP CAP

DUTY CAP bump cap

MD1121H1

FEATURES

A durable and lightweight safety bump cap, it effectively protects against side impacts without sacrificing comfort. Designed to protect the head from accidental impacts against hard and fixed surfaces, reducing the risk of lacerations or superficial injuries. It ensures lightness, comfort, and protection in low-risk environments. The internal ABS shell ensures robustness and reliability, while the side reflective bands increase visibility in poorly lit work environments. The perforated fabric promotes breathability, ensuring coolness even during prolonged use. With a 5 cm brim, it offers protection and practicality, making it ideal for those seeking a high-performance and comfortable device. Circumference: 52-65 cm

DETAILS

- Internal ABS shell, offers high impact resistance and reliable protection, while keeping the cap lightweight;
- Side reflective bands, for increased visibility;
- Perforated fabric on the sides, ensures breathability and comfort even during prolonged use.
- 5 cm brim length, ensures protection from sun and weather elements without compromising visibility.

SHELF LIFE

4 years from the manufacturing date
