Quantity/Carton 36	EC Standards EN 397	Important Information This helmet has been designed to protect the head against the risk of falling objects and mechanical shocks' hazard. Make sure the helmet is in good condition before use and its surface is not damaged: inspect for cracking, abrasions, change of colouring or dents. Once you become aware of a damage, you should immediately replace it. Keep in cool, dry place, away from heat sources and direct sunlight. Clean all its parts on a regular basis with a moist cloth and soapy water or non-aggressive detergent. Do not use any solvents.
