

HELMETS

MD1225 chinstrap

MD1545Z9

FEATURES

Chin strap for helmets with 4-point attachment and chin cup, designed to ensure maximum stability and security during use. The four attachment points ensure uniform pressure distribution, preventing accidental helmet displacement even in dynamic working conditions. The chin cup provides extended comfort, reducing chafing and irritation. Ideal for environments where reliable protection and a perfect helmet fit are required.

DETAILS

Chinstrap for helmets MD1223 - ABS 901 Helmet, MD1224 - ABS 901 VENTILATED, and MD1222 - ROCKFIRE HEAT-RESISTANT Helmet, ensures a stable fit even when the head is moving or tilted, guaranteeing comfort and protection.

QUANTITY PER CARTON

500

IMPORTANT
